Dear Parents/Care Providers

Acceptable School Behaviour

Students from our school often have the opportunity to attend activities in and out of school hours. E.g., sporting teams, excursions, disco and visiting performances.

Tuncurry Public School's **Student Welfare Policy** requires that students demonstrate satisfactory and responsible behaviour (**RESPECT – SAFTEY – PERSONAL BEST**) at school to be considered for these activities.

In some instances it may be necessary to exclude a student from an activity if patterns and history of behaviour are considered to present a risk to safety and welfare. A behaviour monitoring process is in place and a behaviour record is kept as part of school organisation.
