Dear Parents/Care Provider

PHOTO, VIDEO AND INTERNET IMAGE PERMISSION

While your child is enrolled at Tuncurry Public School, there are occasions when photos, videos and names of students are used within the school for classroom and educational purposes, in the local press and on the Tuncurry Public School internet web site. In most instances, students are photographed in groups for publication on the school internet site. These photos will be similar to the ones published in the local paper and for similar reasons.

The school requires your permission to allow your child’s participation.

This is useful because material of this type is often used in:
* the production of teaching aids;
* records of students work and activities;
* communication technology in learning;
* promotion of special events; and
* reporting on activity to the wider school community.

Separate parental permission will be sought where photos, videos and names are to be used in ways other than those outlined above. We are mindful of the privacy laws and child protection regulations and assure you that your child’s safety is our priority.

If your situation changes at any time could you please notify the school as soon as possible.

Please complete and return the attached permission and return it to school.

Tim Putland
Principal
